

Second Grade

June 9, 2020

Hello Families of Second Graders,

Thank you for being a support in your child's year of exploring print through our Foundations program. Your child has worked hard attaining these skills and any practice over the summer will help them become more independent. We have attached many valuable resources to use at home. Your children are familiar with these resources and have used them throughout the year to support their daily practice.

We wish you a healthy, relaxing summer!

All the best,

NCPS Foundations Team

Jennifer Bagliavio - South School

Erin Gildea - West School
