New Canaan Public Schools
Attn. John Perna

RE: Limited Materials Survey
    West School - Gymnasium
    New Canaan, CT

Dear Mr. Perna,

On March 27, 2018, at your request, I visited the West School in New Canaan, CT to perform confirmatory asbestos sampling for the below listed materials in the Gymnasium. These were the only materials included in the survey.

- Floor Covering - Grey, Black
- Cove Base / Glue – Beige

While on site I collected samples of each material and shipped them to AmeriSci New York where they were analyzed by polarized light microscopy (PLM). As reported in the attached laboratory test results, all samples submitted for analysis were NOT asbestos containing.

If you have any questions, comments, concerns, please call me at the office 203-324-2222. Thank you.

Regards,

[Ted Tio Signature]
