Staff Utilization Report: Non-Certified Staff

Introduction

Enclosed is the *Staff Utilization Report for Non-Certified Staff*. This report complements the *Staff Utilization and Enrollment Report for Certified Staff* issued separately. Together, these two reports provide a complete picture of staffing in the New Canaan Public Schools as of October 1, 2021.

In order to make this report easy to use and easily understandable, the information has been organized and presented in the following ways:

- Each non-certificated employee is listed in at least two sections – by job function and by school or department.
- In addition to the employee's name and job category, the number of hours worked and the approximate FTE (full-time equivalent) are provided.
- Total FTEs are only shown for each job function, not location.
- There is a separate section on all Special Education non-certificated staffing.
